Jarrett Robinson

Nicholas Freer

Rachel Mercuri

Nicholas Freer, Jarrett Robinson and Rachel Mercuri are three wonderful examples of the rich diversity at Penn State Schuylkill. Not only do they represent different ethnic backgrounds (Hispanic, African-American, and Caucasian), but they also come to Schuylkill from very different areas. Nick is from Meriden, CT and Jarrett is from Philadelphia, PA. Rachel was born and raised in Pottsville, PA. They are also involved in very different groups on campus. Nick is very active in the Alliance Club while Jarrett is involved in Student Government Association and Rachel in the Student Programming Board. Nick is studying Theater & Science, Jarrett is majoring in Criminal Justice, and Rachel is pursuing a degree in Psychology.

Although they have differences, they share some notable similarities. They are all members of the PSU Schuylkill community and have been attending classes here for over 2 years. They are all student leaders and currently hold the presidency of their respective student organizations. The richness of diversity is found within the similarities as much as it is found in the differences.

Who am I? I am a boy with a guitar in his hands who has got something to say. I am at home on stage, with one mic, my guitar (Josie) and an audience with eager ears. I really am happy when I'm performing and I hope to touch every person I come in contact with, one melody at a time. Before I continue my babble, let me give you all a quick history about me. I was born and bred in Nigeria and moved to the states at a ripe old age of 16 (more ripe than old). I've detailed my life to parallel the American dream and I can now say I have a profession, nice house but still lacking the wife, 2 kids, golden retriever and the all important WHITE PICKET FENCE!

TRIPS, Hit the Road: Christmas Village **Limited seating: sign up in HWC 210B**

William M. Koziar, the creator of Christmas Village, began decorating his home and property in 1948 for the pleasure he and his wife, Grace, and their four children derived from the unusual display. People appreciated and applauded the beauty of the Koziar home and began to refer to it as the "Christmas House." Mr. Koziar added new and unique items and lighted displays to the original layout each year. He began decorating the lake, walkways, trees, fences and buildings. By popular demand, visitors were granted access to the premises for a closer look. Thus, Koziar's "Christmas House" became known as Koziar's "Christmas Village." Christmas Village was awarded the Best Outdoor Display in the World by Display World magazine. **VAN LEAVES AT 7:00 PM. LIMITED TO 14 STUDENTS. SIGN UP IN HWC 210B.**
