# TOP 8 TO MAKE COLLEGE GREAT!

**1 Communication:** Keep yourself informed of what is going on with your Penn State experience. Regularly monitor all formal PSU communications. The University communicates regularly to students via Angel, Elion, PSU e-mail accounts, and the U.S. Mail.

**2 Time Management:** Stay up to date with your schedule. It is easy to get behind or lose track, so make a point to keep an eye on your daily planner and/or calendar. Time management is crucial to success in college.

**3 Deadlines:** University life is filled with all sorts of deadlines from financial aid to course registration and housing/rental applications to the bursar (billing) accounts. Of course your classes will all have various deadlines for homework, projects, research, and more! Make sure you know your deadlines and work them into your time management.

**4 Conduct:** Know the Code: You are responsible and will be held to Penn State University's Student Code of Conduct. The code can be found at: <http://studentaffairs.psu.edu/judicial/codeofconduct/>. Make sure that

you are familiar with it and follow its' guidelines. No one comes to college planning to get into trouble. Take steps to learn the expectations of members of the Penn State community.

**5 Principles:** Learn and live the Penn State Principles. They can be found on one of the next few pages. The Principles are a set of shared values of every member of the Penn State community.

**6 Identification:** Every student is issued a PSU identification card. Policy requires this ID to be carried at all times. If a staff or faculty member asks for your identification, you are required to provide it.

**7 Holds:** Holds on your student account will prevent you from succeeding—Check elion to ensure you have none and/or how to resolve them. Students may receive holds from Academic Affairs, Bursar, Financial Aid, Housing, Judicial Affairs, and more.

**8 Help:** When in doubt, ASK FOR HELP!!! Successful students know when and where to get assistance when they need it. Know when to seek help.

## PENN STATE PRINCIPLES

### **I will respect the dignity of all individuals within the Penn State community.**

The University is committed to creating and maintaining an educational environment that respects the right of all individuals to participate fully in the community. Actions motivated by hate, prejudice, or intolerance violate this principle. I will not engage in any behaviors that compromise or demean the dignity of individuals or groups, including intimidation, stalking, harassment, discrimination, taunting, ridiculing, insulting, or acts of violence. I will demonstrate respect for others by striving to learn from differences between people, ideas, and opinions and by avoiding behaviors that inhibit the ability of other community members to feel safe or welcome as they pursue their academic goals.

### **I will practice academic integrity.**

Academic integrity is a basic guiding principle for all academic activity at Penn State University, allowing the pursuit of scholarly activity in an open, honest, and responsible manner. In accordance with the University's Code of Conduct, I will practice integrity in regard to all academic assignments. I will not engage in or tolerate acts of falsification, misrepresentation, or deception because such acts of dishonesty violate the fundamental ethical principles of the University community and compromise the worth of work completed by others.

### **I will demonstrate social and personal responsibility.**

The University is a community that promotes learning; any behaviors that are inconsistent with that goal are unacceptable. Irresponsible behaviors, including alcohol or drug abuse and the use of violence against people or property, undermine the educational climate by threatening the physical and mental health of members of the community. I will exercise personal responsibility for my actions and I will make sure that my actions do not interfere with the academic and social environment of the University. I will maintain a high standard of behavior by adhering to the Code of Conduct and respecting the rights of others.

### **I will be responsible for my own academic progress and agree to comply with all University policies.**

The University allows students to identify and achieve their academic goals by providing the information needed to plan the chosen program of study and the necessary educational opportunities, but students assume final responsibility for course scheduling, program planning, and the successful completion of graduation requirements. I will be responsible for seeking the academic and career information needed to meet my educational goals by becoming knowledgeable about the relevant policies, procedures, and rules of the University and academic program, by consulting and meeting with my advisor, and by successfully completing all of the requirements for graduation.

# STUDENT CODE OF CONDUCT

Students are encouraged to visit the Judicial Affairs web site at [www.sapsu.edu/ja](http://www.sapsu.edu/ja) to become familiar with the Code of Conduct and the University's rules and policies for students. The Code of Conduct describes behaviors that are inconsistent with the essential values of the University community. Intentionally attempting or assisting in these behaviors may be considered as serious as engaging in the behavior. Such behaviors include but are not limited to:

1. Physically harming or threatening to harm any person, intentionally or recklessly causing harm to any person or reasonable apprehension of such harm or creating a condition that endangers the health and safety of self or others (also see Policy Statement 8).
2. Sexually assaulting or abusing a person (Policy AD 41). The University does not tolerate sexual assault or abuse, such as rape (including acquaintance rape) or other forms of non-consensual sexual activity. Sexual assault and abuse is non-consensual physical contact of a sexual nature. Sexual assault and abuse can occur between acquaintances or parties unknown to each other. Sexual abuse is attempted or actual unwanted sexual activity, such as sexual touching and fondling. This includes the touching of an unwilling person's intimate parts (defined as genitalia, groin, breast or buttock, or clothing covering them), or forcing an unwilling person to touch another's intimate parts. Sexual assault includes, but is not limited to, rape, forcible sodomy or sexual penetration with an inanimate object, intercourse without consent, under conditions of force, threat of force, fear or when a person is unable to give consent because of substance abuse, captivity, sleep or disability.
3. Harassing, stalking or hazing any person, including sexually harassing (Policy Statement 7). Harassment is a course of conduct which subjects a person or group of persons to unwanted physical contact or the threat of such contact, or which seriously threatens or alarms a person or group.
4. Using, possessing or storing weapons or fireworks except as provided for in University Policy Manual and Safety Policy SY-12. Possession, carrying, or use of any weapon, ammunition, or explosive by any person is prohibited on University property except by authorized law officers and other persons specifically authorized by the University. No person shall possess, carry, or use any fireworks on University property, except for those persons authorized by University and local governments to discharge such fireworks as part of a public display.
5. Tampering with fire or other safety equipment or setting unauthorized fires.
6. Illegally possessing, using, distributing, manufacturing, selling or being under the influence of alcohol or other drugs (Policy AD 18 & 33). Use, possession or distribution of beverages containing alcohol on University property shall comply with the laws of the Commonwealth of PA and University Policies and Rules (See "Policy Statement on Beverages Containing Alcohol" in Policies and Rule). Note: Anyone, including those under 21, serving alcohol to persons under 21 are in violation of both University regulations and the state law. Also, simply being present in a residence hall room where a quantity of alcoholic beverages are present and/or being served implies possession. Public drunkenness is defined as a person who appears in public when intoxicated to the extent that they endanger themselves or others, annoy others, or endanger property.
7. Intentionally providing false or inaccurate reports of emergencies or code violations or knowingly providing false statements during a hearing, disciplinary conference or to University officials.
8. Stealing, vandalizing, damaging, destroying, or defacing University property or property of others.
9. Obstruction or disruption of classes, research projects, or other activities or programs of the University; or obstructing access to University facilities, property, or programs (Policy Statement 1). Disruption is defined as an action or combination of actions by one or more individuals that unreasonably interferes with, hinders, obstructs, or prevents the operation of the University or infringes on the rights of others to freely participate in its programs and services.
10. Academic dishonesty, including, but not limited to, cheating and plagiarism. (Faculty Senate Policy 49-20). Academic dishonesty includes, but is not limited to, cheating, plagiarism, fabrication of information or citations, facilitation of acts of academic dishonesty by others, unauthorized possession of examinations, submitting work of another person or work previously used without informing the instructor, and tampering with the academic work of other students.
11. Failing to comply with reasonable directives to provide identification or to report to an administrative office or, when reasonable cause exists, failing to leave University-controlled premises when directed to do so by properly authorized persons, including police and/or other University staff.
12. Making, using or possessing any falsified University document or record; altering or forging any University document or record, including identification, meal or access cards. Includes but not limited to; forging (signing another's name and/or ID number) or mis-signing key request forms, manufacturing IDs or tickets, altering permits, misuse of forms (letterhead stationery, University forms), and keys to mislead.
13. Unauthorized entry into or use of University property or facilities including residence halls, classrooms, offices, and other restricted facilities. Unauthorized entry or use of facilities is referred to in University policy regarding the rights of individuals and the rights of the institution. Specifically, policy refers to an "obligation not to infringe upon the rights of all members of the campus to privacy in offices, laboratories and residence hall rooms, and in the keeping of personal papers, confidential records and effects, subject only to the general law and University regulations".
14. The University also has the right to control use and entry into facilities for reasons of security, safety or protection of property. This includes closing facilities at specified times. It should also be recognized that an open or unlocked door is not an invitation to enter and use facilities. The same concept applies to computer entry or misuse. Engaging in disorderly, disruptive, lewd or indecent conduct: Inciting or participating in a riot or group disruption. Failing to leave the scene of a riot or group disruption when instructed by officials. Disorderly conduct may include disruption of programs, classroom activities or functions and processes of the University. This item covers unreasonable noise, creating a physically hazardous or physically offensive condition.
15. Violating written University policy or regulations contained in any official publications or administrative announcements, including University Computer policies (Policy AD-20 and Policy Statement 4); University policies and regulations are contained in official publications, administrative announcements, contracts and postings.
16. Violating federal, state, or local law if such behavior has Substantial University Interest on the University community. Criminal or civil decision is not a necessary prerequisite for a disciplinary decision nor is it necessary that criminal or civil charges be lodged against the student either before or after a University decision.

# ACADEMIC INTEGRITY POLICY

Definition and expectations: Academic integrity is the pursuit of scholarly activity in an open, honest and responsible manner. Academic integrity is a basic guiding principle for all academic activity at The Pennsylvania State University, and all members of the University community are expected to act in accordance with this principle. Consistent with this expectation, the University's Code of Conduct states that all students should act with personal integrity, respect other students' dignity, rights and property, and help create and maintain an environment in which all can succeed through the fruits of their efforts.

Academic integrity includes a commitment by all members of the University community not to engage in or tolerate acts of falsification, misrepresentation or deception. Such acts of dishonesty violate the fundamental ethical principles of the University community and compromise the worth of work completed by others.

To protect the rights and maintain the trust of honest students and support appropriate behavior, faculty and administrators should regularly communicate high standards of integrity and reinforce them by taking reasonable steps to anticipate and deter acts of dishonesty in all assignments (Senate Policy 44-40: Proctoring of Examinations). At the beginning of each course, it is the responsibility of the instructor to provide students with a statement clarifying the application of University and College academic integrity policies to that course.

Committee on Academic Integrity: Each College Dean (or Chancellor as determined by College policy) shall appoint a Committee on Academic Integrity made up of faculty, students, and academic administrators with faculty being the majority. This committee shall:

1. Promote expectations for academic integrity consistent with the definition in this policy.
2. Ensure fairness and consistency in processes and outcomes. To ensure University-wide consistency, College Committees will work with the Office of Judicial Affairs and the Office of the Provost of the University to develop procedures for handling and sanctioning dishonesty infractions.
3. Review and settle all contested cases in which academic sanctions are applied. If necessary, further disciplinary action will be taken by Judicial Affairs.
4. Record all cases of academic dishonesty within a college and report them to Judicial Affairs.

## ALCOHOL POLICY

Use, possession, or distribution of beverages containing alcohol on University property shall comply with the laws of the Commonwealth of Pennsylvania and the University's policies and rules. Underage drinking is not permitted on campus or elsewhere in the Commonwealth. Non-prescription drugs of any type, including alcohol, are not tolerated on campus or in the Nittany Apartments.

## SMOKING POLICY

Smoking of any materials is prohibited in all facilities. Smoking outdoors is permitted only behind the blue lines, several feet from all entrances to buildings.

This is your chance to step forward and voice your opinion! At SPB, you will help select the events we showcase and place on our calendar. You will also be able to utilize your talents in promoting, publicizing, and coordinating the events for the semester.

OK, so how do you join?

All you need to do is gather your ideas and come to a weekly meeting. The meetings are every Monday at Noon in HWC 202. Everyone is welcome to attend. For more information, stop by the Student Affairs Office (HWC 209) or call 570-385-6246.

Are you a business, marketing, or advertising major?

You can use SPB as a forum for displaying your creativity and talent! SPB manages and promotes special events throughout the year. We advertise with flyers, posters, and calendars. We welcome your creative ideas to help us get the word out about our events.

If you have any questions or concerns about an event, please contact the Office of Student Affairs in HWC 209 or call 570-385-6246

The events calendar is subject to change.

This publication is available in alternative media on request.

## Want to be a Tutor?

The Center for Academic Excellence (CAE) will begin the process of searching for peer tutors for the 2012-2013 academic year starting in the spring 2012 semester. Candidates must have a minimum 3.0 GPA, with an additional requirement that you receive an A or A- in the course(s) that you wish to tutor. This is a paid position, with wage increments based on actual number of hours tutored.

If you would like to become a tutor, please stop by our office (located on the lower level of the Ciletti Memorial Library), fill out an application, and set up an interview. If you have any questions, contact Rosalie Yeager at 570.385.6140, ras901@psu.edu.

## "Heading in the Right Direction!"

*"To our new students, welcome! And to our returning students, welcome back!*

*As your new SGA President I hope to share with you this year, not only Penn State Pride, but ...*

***Penn State Schuylkill Pride!***

*Lets make this the year to remember.*

*We Are! ... "*

*—David Chavira  
2011-2012 SGA President*

## Want to be a Lion Ambassador?

The Lion Ambassador club is one of the most prestigious organizations of Penn State. The club has been in existence for over 25 years and has active groups at each Penn State campus. We are more than just tour guides; we are student leaders who carry on the stories and traditions of Penn State and the Schuylkill campus.

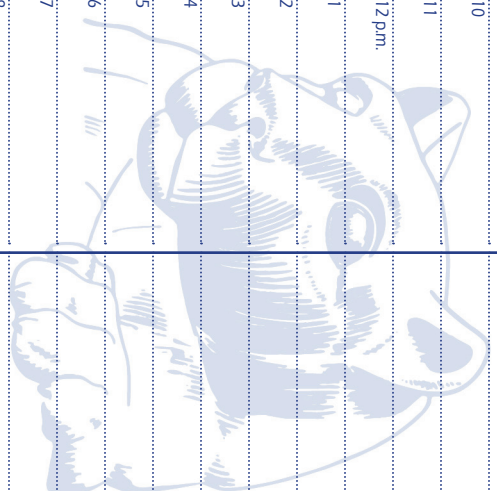

**WE ARE.... PENN STATE SCHUYLKILL LION AMBASSADORS**

The Penn State Schuylkill Lion Ambassadors are both a student group and a college course.  
Contact advisor Janelle Gruber (jhl552@psu.edu) to get on the list for our course next semester!
